Do..... 700 " " 39" Wednesday, 300 " " 361 Rosin-in this article we have no material alteration to report, and the market has ruled quiet for all grades since the close of our last review. There is very little now coming in by river, and the larger portion on market is of market is almost bare. Nos. 1 and 2 rule quiet at unchanged rates. For Common the market has ruled rather duil. and under the advices received, prices have a declining tendency. The transactions for the week have been confined principally to small parcels, and are as follows: 160 bbls. Pale at \$2 to \$4 per 280 lbs., as in quality; 230 do. No. 1 at \$1 30 to \$2 per bbl.; 186 do. No. 2 at \$1 25; 200 do. Common at \$1 10 per bbl.; 300 do. do. at \$1 10 per 310 lbs.; and 1400 do. at \$1 125 per 310 lbs.—closing dull at latter price. TAR-None has been brought to market since our last. and in consequence we have no sales to report. There is some enquiry, and parcels would sell at last quotations. We quote nominally at \$1 80 per bbl.

BEEF CATTLE AND SHEEP .- The arrivals of beeves continue exceedingly light, and there are very few on market ;-- a fair enquiry exists from butchers, and prime quality finds ready sale. Only one small drove of grass fatted brought in and sold at 6 cents per lb. We quote at prices ranging from 5½ to 6½ cents, according to quality. For Sheer there is also a moderate enquiry for butchering purposes, and the market is poorly supplied. We quote at \$1 50 to \$2 25 BARRELS-The recent arrivals of empty Spirits Turpen-

notice only a light stock in first hands, and the bulk are of inferior quality. There is a moderate demand from buyers. and we quote small transactions in second hand ones at \$1 25 to \$1 35 for lots as they run, and \$1 80 to \$1 85 each for selected-cash and time. In New York make we also report small sales at \$2 16 to \$2 15 each for second hand and new ones. Qorron-No stock on market, and consequently nothing

tine barrels have somewhat replenished the market, still we

plied with nearly all descriptions, and there is only a retail business doing. We refer to our table for store quotations.

CORN MEAL—The market is poorly supplied, and rules firm at former quotations, with a fair enquiry for retailing purposes. None has been brought in from the country, and therefore the sales have been confined to small parcels from the granaries at 95 cents a \$1 per bushel, in quantities to

FEATHERS-Are in moderate demand, and very few of market. Sell readily at 45 to 50 cents per lb.
FISH-The market is moderately stocked with Eastern Herring, and there is only a limited demand ; -other descrip tions are in light supply. See table for store prices.

FLOUR-In the market for State brands we notice a de

idedly better feeling since our last, and prices have improved a shade. The drouth in the interior has had the ef ect to prevent the mills from grinding, and in consequence but very little is now coming to market, and the stock at present in dealers' hands is quite light. The sales during he week have been principally of small parcels at \$7 25 \$7 35 for superfine, but at the time of closing our enquiries it is generally held at \$7 50, with small sales from store at this figure; retailers, however, do not seem disposed to operate to any extent unless at lower prices. GUANO-The market is moderately supplied with nearly

all descriptions, and rules steady at former rates. We quote from store as follows: No. 1 Peruvian \$60; Reese's Manipulated \$52; American \$40; Sombrero \$35; Superphosphate of Lime \$50, and Land Plaster \$10 per ton of 2,

Grain-In Corn we have no change of importance to report since our last review. The arrivals for the past two or three weeks have been exceedingly small, still there is a fair stock remaining in dealers hands, and at present there is merely a retail enquiry. The receipts for the week com-prise only 2500 bushels from Baltimore, which came to a dealer, and has been selling at 85 cents per bushel, in lots to suit. We quote cargo price at 80 a 824 cents, as in quantity and quality.——UATS—No transactions reported since our last except in the small way from store. A lot of 1,000 bushels was received from New York a day or two since, and has gone into store. PEAS Of all descriptions are enquired for, and none of consequence have been received. We continue to quote Cow quick of sale at \$1 to \$1 05 per bushel.——RICE—The market is moderately supplied with clean, and there is only a light demand from the trade. We quote at 44 a 44 cents per lb.

Eastern at \$1 10, and 150 do. do. at \$1 25 per 100 lbs., \$0 days. Lime-Is in fair enquiry, and stock light. A cargo of 1400 casks was received on Monday by a dealer, which is selling rom wharf at \$1 per cask, in lots to suit. Molasses-For Cuba there is merely a retail demand, and he stock in first hands is fully adequate for present wants.

HAY-The market is at present overstocked, and rules

We quote at 28 a 30 cents in bbls., and 25 a 27 cents per POTATOES-Irish arrive freely, and are dull of sale from earts at 80 cents per bushel. PROVISIONS-For N. C. cured Bacon the market exhibits more firmness, and prices have an upward tendency. None worthy of report has been received for a few weeks past. and the stock on market has become nearly worked up .-There is a fair demand for retailing purposes, and a few parcels would sell readily. We quote nominally at 12 a 122 cents for hog round, and 132 a 14 cents for hams. For Western cured the market also rules firmer, and prices have adranced one cent over former quotation. We notice a moderate enquiry, and quote sales from store at 10 a 104 centor shoulders, and 12 a 124 cents per lb. for sides—generally held at highest figures. - LARD. - We have nothing new o report in either N. C. or Western make. The stock on market is quite light, still the demand is limited, and only small sales have taken place at quotations in table .-

SALT-No arrivals of Liverpool ground since our last, in ceedingly light. We notice a fair enquiry, and for a few parcels high prices cou d be readily obtained. SHINGLES-There continues to be a brisk demand for shipment, and we have to report only small receipts. About 100,000 Common were sold in the early part of the week a | mont.

845 bbls. spirits turpentina, 1.415 do. rosin, 69 bales sheeting, TIMBER-Owing to the low stage of the water courses none has arrived during the past week. The demand for mill purposes at present is light, and only a prime article finds sale ;-several rafts of former receipts are now on market unsold. Quotations in table are nominal. GENTLEMEN: Your note of the 15th inst, has been received, saying that you had he rd hat I had been ben fied by he u e of Wood's Har Resto ative, and requesting my cert ficate of the fact if I had no objection to give it. I award to you cheerfully, necouse I think it due. My age is about 50 years; the color of my hair aubu n, and aclined to curl. Some file or six years since it began to bales at 5; 7 at 6; 66 at 64; 19 at 64; 174 at 7; 22 at 8; turn gray, and the scalp on the crown of my head to lose its 41 at 91; 150 at 101; 9 at 101; 198 at 101, and 17 bales at scassbility and dandruff to form upon it. Each of these disagreabilities increased with time, and about four m uths since a fourth was added to them, by har failing off the top of my head and threatening to make me bald. In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but he color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all hu bands who value the admiration of their wives to profit by my example, and use it if growing Very respectfully, BEN.
